## Completeness

✓

Three insights are reported using one Dashboard.

✓

Each insight has an explanation describing how the insight was reached from the data.

For each insight, provide a screenshot that shows what you found in the dashboard.

Well done.

You have precisely described each of insight reported. Usually it comes to answer to good questions. You job made that happen.

Congratulations for the great job done.

**Suggestions:**

- Below I leave an interesting reading for type of charts you may want to use and an brief for each one of those and why use them:

## Correctness

- ✓

Student's conclusions are correct based on the data.
- ✓

The dashboard was used appropriately to find the information.
